Respectfully submitted,

O. A. THOMAS,
H. W. ROSS,
O. S. FROST,

Selectmen.

To the citizens of the Town of Rutland:

I submit the annual report of the Health Officer of the Town of Rutland for the year 1930. I issued one death report, there was one case of Pneumonia reported during the year which resulted in death. I placarded the residences of R. F. Russell, Mill Village, Scarlet Fever; the Helebi residence, Quarterline Road, Scarlet Fever; the Manfreda residence, Center Rutland, Typhoid Fever; the Ceccerelli residence, Proctor Road, Scarlet Fever.

I also took samples of water from residences during the year at owners expense.

ARNOLD W. ROWE,
Health Officer.

Overseer's Report

Total			<u>\$3,486 47</u>

Respectfully submitted,

JOZEF P. GAWET,

Overseer.

Report of Road Commissioner

As usual I have surface treated three roads as quoted below.

Pittsford road at a cost of	\$ 1,814 92
Woodstock Ave. at a cost of	1,181 53
East Proctor roads at a cost of	839 27
The State paying 1/2, which is	1,917 85
The general account paying 1/2	1,917 85

The State 5% sum being \$320.24 was expended on the Chittenden road.

State unselected fund of \$536.27 was divided as follows:

Post road, gravel base	\$363 37
West Proctor road, graveling	172 90

The amount of \$1,086.25 was expended on the Grove street road for widening, blasting and graveling—the State paid \$724.17

I also have laid four culvert pipes.

I have drawn orders to the amount of \$9,167.30 as follows:

Orders drawn on West Rutland Trust Co.

O. A. THOMAS,
H. W. ROSS,
Selectmen.

Feb. 9, 1931.

To the Board of School Directors and Citizens of the Town of Rutland

I submit the annual report of the school department of the Town of Rutland.

I shall begin my report with statistics taken from the State report of last June and from the records of the fall term of this year. During the year of 1929-1930 we had enrolled in all of our schools, 286 pupils, 151 at the Center building and 135 in the rural schools. This enrollment was practically the same as that of the preceding year.

In gathering statistics for a recent government survey on rural conditions, the purpose to show that rural communities are dying out and school enrollment decreasing, I found that in this town at the end of the year 1920-21 the total enrollment was only 252. There were 100 pupils enrolled in the rural schools that year and 135 last year. This indicates a gradual increase rather than a decrease in our school enrollments over a period of about ten years.

Enrollment for the fall term of this year was as follows, Center Rutland School, Grades 7 and 8, 41; Grades 5 and 6, 33; Grades 3 and 4, 36; Grades 1 and 2, 27; total enrollment, 137. Rural schools, Cheney Hill, 24; Dyer, 25; Haiti, 21; Mill Village, 22; Post, 20, total for town, 249. This is a slightly smaller number than we had at the end of the first term last year. By the end of the year, however, our enrollment will probably run to about the same numbers it has for the past five years.

Besides these elementary pupils in our schools we have four pupils from the Mendon-Killington Ave. district for whom we pay tuition. Three of these children attend the Sunnyside school in Mendon and one is enrolled in the Dana school in Rutland.

In June there were 249 pupils enrolled in all of our schools. They were divided according to grades, with pro-

motions and failures, as follows:

Grade 134....	Promotions	26.....	Failures	8
Grade 227....	Promotions	23.....	Failures	4
Grade 336....	Promotions	33.....	Failures	3
Grade 425....	Promotions	21.....	Failures	4
Grade 536....	Promotions	34.....	Failures	2
Grade 632....	Promotions	28.....	Failures	4
Grade 732....	Promotions	29.....	Failures	3
Grade 827....	Promotions	27.....	Failures	0

Of the twenty-seven pupils who left the eighth grades last June, 15 are attending the Rutland High school, 2 West Rutland High School, 5 have moved out of town and 5 are at home or working.

During the year of 1929-1930 we spent \$742.00 for the transportation of 12 elementary school pupils. This year we have twelve pupils transported from the Creek road to the Center school and six are being carried to the Cheney Hill school. We are having an increasing school population in the district near the old school on the Creek road. There has been some question as to whether this school might be opened in the near future. From estimates the school board has made it would be a most unfeasible project to carry out. The large cost that would be incurred in remodeling, equipping and maintaining this school would far exceed the cost of transportation for many years to come. By transporting these children we are able to give them a good education, in a larger school, at a fraction of the cost that would be incurred in maintaining a one room school for them.

Last June we had 63 pupils enrolled in secondary schools in this and other states. At the end of the fall term of this year we had the following numbers: Rutland High School, 50; Mt. St. Joseph's Academy, 10; West Rutland High School, 3; Vermont Academy, 1; Immaculate Conception Academy, Lodi, N. J., 1; Loomis Institute, Windsor, Conn., 1. Total numbers enrolled 66. Since Christmas these numbers have probably increased or decreased by from three to five pupils.

From the numbers enrolled in the Senior classes we will probably lose about sixteen by graduation. There are twenty-nine pupils enrolled in our eighth grades this year. Since a large percentage of these children will seek higher education, it is probable that our number of high school tuition pupils will continue to be about the same.

This summer extensive repairs were made on several of the schools. At the Post school the exterior of the building and shed were painted. New double roller curtains were installed to improve the lighting. The Parent-Teacher Association has bought, and plans to install in the school, a porcelain lavatory, as soon as the weather permits digging for the cess pool.

Last year an extra window was cut at the Mill Village school. This year the lighting was further improved by the removal of useless limbs of trees and brush on the land adjoining the school yard. The interior of the building was completely repainted and decorated. The wood shed was repaired and painted, with the improved lighting this school is now in excellent condition.

The Haiti school on which no work had been done for a period of about nine or ten years, was completely renovated and repaired. Part of the ceiling was rebuilt, the porch was taken down and a new porch with a cement platform was built. The interior and exterior of the building were completely painted and decorated. New roller curtains were installed to replace worn out equipment. In the spring the people of the community plan to further improve the school by grading the lawn and building a cement walk.

On the other schools small jobs of painting, carpentry and plumbing were completed. Our rural schools were some of the first in the state to be standardized. Naturally some of the equipment, such as the chemical toilets, was not of the perfected type found on the market today. In some of the schools this equipment is fast wearing out. During the summer the school board will probably spend a large part of their budget for repairs, by replacing such equipment with that of a newer type, or by installing running water.

Last spring the state department of education planned to establish a number of model rural schools in this state. It is their plan, that through the establishment of these schools, it will be possible to promote the best possible type of rural education. To discover through study and experiment, ways and means of conserving time, promoting efficiency in class room procedures, developing individual abilities and talents and securing in place of a limited rather stereotyped course of intellectual training, a well rounded educational program that will in short, train and develop the whole child.

The purpose of taking schools that are already superior and making them into model schools is to stimulate constructive experimentation everywhere. It is hoped that the inherent disadvantages of the one room rural school may be overcome, while their distinct advantages may be more fully utilized.

The state department wished to establish one of these schools in this town. We are using the Haiti school this year, and thus far have been most successful in working out our plans.

About twenty of these schools have been established in various parts of the state. The work in each of the schools is being carried on under the direction of the superintendent, teacher and the training course or state helping teacher in that district. In this county the two schools chosen, one in Poultney and the Haiti school are working with the training department at Castleton.

Our attendance records continue to improve. The state report of last June shows the percentage of attendance for the year of 1929-1930 to be 96.8. We have continued our attendance plan of last year; this plan allows one half holiday the first Friday of each month for all schools with a percentage of 97 or over. In this plan each tardy mark also counts as a half day's absence, thus helping to abolish a time waste that is most detrimental to school routine.

During the fall term of this year we had a total percent of 97.7. We had a total of 342 days of absence out of the

possible 15,924 days of attendance. The efforts that both parents and pupils are making to help in regular attendance, are shown by the fact that we had only twenty-one tardy marks for all of the schools for these fifteen weeks, and a record of 124 children with perfect attendance. This number represents one half of our total enrollment for the fall term. In the light of these figures, we feel assured that our "Good Attendance Plan" has justified itself.

Last spring through the cooperation of the various Parent-Teacher Associations we held a health examination for pre-school children. The large majority of the children who entered school this fall attended. Three doctors, one nurse and a dentist gave their services free for one half day. We found that the majority of the children were in fine condition. We have been unable to have the follow-up examination this fall. The inexpensive service that the Vermont Tuberculosis Association has given in the past was not available, and we could not ask for a second free examination from local doctors.

At some future time we may be able to work out some plan similar to those being carried on in other parts of the state. Some small communities are doing efficient Health work through combining with some near by town, thus keeping the expense at a minimum.

The work of the schools has been successfully carried on under the direction of the same body of teachers we had the preceding year. I believe that much of the success of the schools is due to the efforts of the efficient body of trained teachers we have in charge of them.

In closing I wish to thank the citizens for the help and support they have given us in our work.

Respectfully submitted,

MARGARET C. McCORMACK,
Superintendent of Schools.

Center Rutland, Vt., January 31, 1931.

--------------------------------------	---------------------

Respectfully submitted,

WM. MAUGHAN,
Treasurer.

Auditor's Report

We have examined the accounts of the Town and find all of them kept in a neat and accurate manner and can place our approval on all but the Selectmen's report. Our disapproval of this account, is its custom of transferring considerable sums of money to the Highway account without first being instructed by the voters to do so.

We believe this to be a vicious, if not an illegal practice, except in cases of an emergency. This has been the custom since 1924, to a greater or less extent, in sums ranging from three hundred dollars to four thousand dollars. Part of this was instructed by the taxpayers but most of it was not.

In 1924 our Town was in debt \$931.97 and at present \$27,476.54. It is the opinion of your Auditors that it would be better for each department to keep within its own appropriation and if unable to function on that ask for more tax.

We recommend the following tax:

Town Tax	\$.85
Town Highway Tax30
Town School Tax.....	1.35
Town Special Tax to apply on debt	.20
Total	\$2.70

S. P. STOCKWELL,
G. A. DAVIS,
EMMA B. BOARDMAN,
Auditors.

NOTICE

The legal voters of the Town of Rutland are hereby warned to meet at the Town Hall at Center Rutland on Tuesday, March 3, 1931 at 10 o'clock A. M., to act on the following matters, namely:

1. To see if the Town will empower and authorize Selectmen to appoint one or two Road Commissioners.
2. To choose all necessary officers required by law.
3. To see if the Town will vote to raise money by tax or otherwise to pay current expenses and indebtedness of the Town and State, School, Highway and County taxes.
4. To see what time the several taxes shall be due and payable.
5. To see what compensation the Town will vote for Town Officers.
6. To see if the Town will appropriate a sum of money to secure the use of the Rutland Free Library to the inhabitants of the Town, and if so, how much.
7. To see what provisions the Town will make for the higher education of the scholars of the Town.
8. To see if the Town will authorize the Selectmen to borrow money for the temporary use of the Town.
9. To transact any other necessary, legal and proper business.

H. W. ROSS,
O. A. THOMAS,
O. S. FROST,
Selectmen.

Rutland, Vt., Feb. 10, 1931.
